**Business Item:**

- Consider a resolution amending the budget for the MBA (Municipal Building Authority) of Murray City for Fiscal Year 2025-2026.** Finance Director Brenda Moore said the State of Utah did not allow budgets to automatically roll forward from one year to the next. Because the City was in the middle of a multi-year project to construct the new public works facility, she proposed rolling forward \$3.5 million for this fiscal year. Ms. Moore noted that the majority of the public works bond funds remained in the budget. In addition she would roll forward \$15,000 from City Hall bond proceeds to cover miscellaneous repairs at City Hall, helping to prevent the need to draw from other department budgets. She noted that any unspent money from that allocation would be transferred to the public works construction project.

The public hearing was open for public comments. There were no comments so the public hearing was closed.

**MOTION:** Mr. Goodman motioned to approve the resolution, and Ms. Turner SECONDED the motion.
