STREET, WATER AND STORMWATER UPDATES

JUNE 2020

Roadway Projects

Asphalt Overlays:

- Contractors have completed paving on 5600 South. They will be working to complete the landscaping and raising manholes, valves and monuments
- Woodoak Lane, from Vine Street to Executive Park Drive: concrete replacement is underway, and milling and paving will take place at the end of June
- 4800 South, from the Jordan River to the Union Pacific tracks
- 300 West, from the Murray/Midvale border to 6500 South

Road Rebuilds:

- La Salle Dr., 600 West and Jamaica St. all south of 5987 South (currently under construction)
- 150 West, off of 5750 South (currently under construction)
- 6410 South, Joma St. and Westridge St. near Silver Shadows Dr. and 725 East

Non-Paving Maintenance Projects

- Sidewalk repair and trip hazard removal in the Lucky Clover neighborhood

Traffic Signal Upgrades, June - August:

- 700 West and 5900 South
- Commerce Dr. (300 West) and Vine St.
- Vine St. and Murray Blvd.

Water Projects

Water line and storm drain work will take place on these streets. Roads will be repaired or rebuilt after the water line and storm drain work is complete.

- 6410 South
- Joma Street
- Westridge Street, near Silver Shadows Drive and 725 East
- State Street, from Big Cottonwood Creek to 5300 South, on both the east and west sides of the road
- 4250 South, between 140-160 West
- Anderson Ave. between 700 West to Capri Dr.

STREET, WATER AND STORMWATER UPDATES

JUNE 2020

Two well replacement projects are still in progress. The wells have been drilled and the pump houses are under construction. The park well is next to the outdoor pool in Murray Park, and the 4500 South well at 4500 South 300 West.

Wastewater Projects

- 600 feet of sewer line will be replaced on Betty Gene and Spurrier Drive along with several manholes. This project will take approximately 30 days to complete and is scheduled to begin in July
- Installation of 8" sewer line on 4250 South, between 140-160 West
