# STREET, WATER AND STORMWATER UPDATES

## JULY 2020

### Roadway Projects

#### Asphalt Overlays:

- Contractors have completed paving Woodoak Lane and Circle. They will be working to complete the landscaping and raising manholes, valves and monuments.
- Concrete replacement has started on 4800 South, from the Jordan River to the Union Pacific tracks. Milling and overlay is scheduled during the week of July 27.
- Overlay on 300 West, from the Murray/Midvale border to 6500 South
- 4250 South, between 140 – 160 West – utilities have been installed and grading for the road will begin soon
- Bridges on 300 and 700 West that cross I-215 will be milled to prepare for new asphalt in the next month

#### Road Rebuilds:

- 6410 South, Joma St. and Westridge St. near Silver Shadows Dr. is currently under construction
- Hanauer Street extension work in the downtown area will begin the week of July 13. This project includes water, sewer and storm water utility upgrades and will take several months to complete.

#### Non-Paving Maintenance Projects

- Sidewalk repair and trip hazard removal in the Lucky Clover neighborhood

#### Traffic Signal Upgrades, June - August:

- 700 West and 5900 South
- Commerce Dr. (300 West) and Vine St.
- Vine St. and Murray Blvd.

### Water Projects

Water line and storm drain work will take place on these streets. Roads will be repaired or rebuilt after the water line and storm drain work is complete.

- State Street, from 4500 South to 5300 South on both the east and west sides of the street.  
**CLOSURE NOTICE:** As part of this project, some lanes on State Street and 5300 South will be closed beginning at midnight on Friday, July 17 until midnight on Sunday, July 19.

# STREET, WATER AND STORMWATER UPDATES

## JULY 2020

- Crews will be replacing and upgrading a water line on Cedar Street, between 6100 South and Creek Drive. We are replacing a 75-year-old, 4-inch cast iron water line with a new 8-inch ductile iron line. This will improve water flow in the neighborhood and increase our fire flow capabilities.
- 4250 South, between 140-160 West
- Anderson Ave. between 700 West to Capri Dr.

### Wastewater Projects

- 600 feet of sewer line will be replaced on Betty Gene and Spurrier Drive along with several manholes. This project will take approximately 30 days to complete and is scheduled to begin during the week of July 13.
