Green Waste Collection

The last pickup date for Green Waste Collection in 2021 for Murray will be Tuesday, December 7. We remind residents to not place the green cans out on the curb after that date. They will not be picked up nor emptied. Collections for green waste, in Murray, will resume Tuesday, March 15, 2022.

Area Cleanup Evaluation Results

The 2021 Area Cleanup Program completed on September 30th. This year's program was again impacted by staffing issues, but the revised program – in which residents reserved a container placed on their driveway – helped maintain this program's services to the communities.

WFWRD staff is currently evaluating this year's performance to determine ways to make the program more convenient and effective for residents next year.

Municipality	# of households	# of containers delivered	# of tons collected	# of mattresses collected	# of tires collected	# of refrigerators collected

WFWRD 2022 Budget Overview

WFWRD will not be implementing a fee increase for base services in 2022. Factors, including better recycling markets, have allowed WFWRD to absorb this year's cost increases. However, there are some proposed changes that will be implemented in our 2022 budget:

- Increase the fee for new cans from \$50.00 to \$60.00 while discontinuing the \$10.00 stand-alone delivery fee.
- Increase the New Home Startup Fees to \$130.00 to cover the costs for two new can purchases (garbage/recycling) (\$60.00 per can + \$10.00 delivery = \$130.00).
- Discontinue the Damaged Can Fee of \$70.00 for customer-caused damage of a can and combine all replacement can fees at \$70.00 (excepting normal wear-and-tear).
- Increase the fees for a refurbished can from \$20.00 to \$35.00.
- Add a fee of \$120.00 for a 14-yard roll-off container, requested by municipalities for cleanup events, which shall include the delivery of the container and up to two tons of disposal per container. Additional per ton fees will apply for amounts exceeding two tons as represented on the Fee Schedule.
