

Once upon a time there was a boy named Valenzo. Valenzo was smart and knew what to do, and so one night he snuck out of his bed and went to hang out with his friends. Their names are Drew, Miles, Jordan, and Andrew. They went to watch The Night Before Halloween and after that they went to eat at Chick Fa La La. They go inside and they see a dead turkey laying on the only table open so they took it outside to eat and they saw creepy people everywhere at the park. Valenzo was scared, his friends were too, so they ate quickly without talking. It started hailing so he started splashing in puddles and it was 7:00 am and he was supposed to wake up at 7:30. So he ran home and slipped and Valenzo broke his leg so he hopped home and he got home on time. It was Halloween so he got in bed and he

screamed and his mom ran in and he said I broke my leg. So instead of going trick or treating he stayed in bed at the hospital and he got surgery. Then his mom said “did you slip and break your leg?” “NO!” said Valenzo. Two days later he was in a wheelchair out of the hospital. Valenzo missed one week of school. He never really hung out with his friends anymore, and he learned his lesson that week. Two weeks later, Valenzo was out of his wheelchair and now he has a camera in his room. Once he asked his mom if he could go to the theaters and so he did. The movie wasn't playing so they looked around, and saw a record player. Valenzo went over there to touch it and when he touched it, it just took him to a new place, somewhere no human has ever been. A place called Creepy Town.

MWAHAHA! Valenzo was scared and his friends were curious where he was, he didn't know where he was either. He wondered how he got there. He just thought positive, but he couldn't! He was thinking what would mom say!?! Then he thought mom can't find this place! Everyone was wondering where he was so they looked for a year and never found him. The End!!!!
