

REQUEST FOR NOMINATIONS

32nd Annual Jim & Jean Hendrickson Beautification Award

The Murray City Shade & Beautification Commission and Murray City Power's Forestry Division, are pleased to announce the 32nd Annual Jim & Jean Hendrickson Beautification Awards Program. Each year this program acknowledges attractive, well maintained landscapes in our community. The Commission invites all residential and commercial property owners and renters to enter and participate in this city-wide endeavor. Nominate yourself or a neighbor or local business whose landscaping you admire. We are proud that Murray is recognized as one of the most beautiful and well-kept cities in Utah.

HOW THE PROGRAM WORKS

There are two types of landscape projects, the traditional landscape of grass and trees and the new water efficient type landscape called xeriscape. The judging will be done by teams of volunteer Murray citizens. Judging will be of front yards only. A winner in each class will be selected in each City Council voting district for "Council District Award". The "Mayor's Award" will be given to the city-wide best project. Entries must be submitted by August 1 and judging will take place later in August. Entries may also be submitted online at murray.utah.gov. For additional information, call Murray City Power at 801-264-2730.

**Sponsored by Murray City Power and the
Murray City Shade Tree & Beautification Commission**
